

Tip 70: CrimplIQ Retro-Fit kit now available for PC200

Did you know that we now have retro-fit kits to upgrade your crimpers ACT controller to the new CrimplIQ technology? If your PC200 is less than two years old, it is eligible for this “in-the-field” upgrade. The kit comes complete with everything you need to take your crimping experience to a whole new level! For more information, download our manual on www.Contifluidsolutions.com.

Continental
The New CrimplIQ™ Controller Retrofit Kit

Continental introduces the New CrimplIQ™ Controller Retrofit Kit for the PC200 and PC400 Crimpers.

Upgrade your PC200/PC400 crimper with the New CrimplIQ™ Controller and discover the crimping technology on your fingertips.

The CrimplIQ™ Controller software is cloud-based and can provide instant information to owners. Wi-Fi is required.
